The post card containing threatening state which was mailed to the victim and postmarked New Yo. New York, on April 9, 1954, was forwarded to the FBI Laboratory by the Salt Lake Office under date of April 1954, with a request that the card be processed for f prints and that it be compared with the anonymous let signed \_\_\_\_\_\_ received by the victim on April 13, 19; and which had previously been furnished to the Laborat by Salt Lake Office by letter dated April 21, 1954.

In communication dated May 11, 1954, the Burinformed that an examination of the post card resulted no latent fingerprint impressions to be of value.

By letter of May 12, 1954, the FBI Laboratory advised that the post card addressed to victim as Mr. GREENSPUN, Las Vegas - Sun, Las Vegas, Nevada, postmarke New York 7. New York. April 9, 1954, containing message ending was compared with the material in the anonymous letter file without effecting an identification.

A search of the Identification Division's files revealed that no fingerprint cards for or was located. The comparison of the post card with the anonymous letter signed received by the victim on April 13, 1954, and postmarked New York 1, New York, April 10, 1954, resulted in no conclusion being reached because the handwriting on the post card was not comparable with the handprinting appearing on the anonymous letter.

Assistant United States Attorney
Southern District of New York, upon being apprised of the contents of instant note, stated that the threats contained therein appeared to be in violation of the Federal Extortion Statute.

The victim, publisher of the "Las Vegas Sun" Las Vegas, Nevada, was recently indicted by a Federal Grand Jury in Las Vegas for publishing articles in his paper "that would tend to incite riot, murder or assassination" and sending the papers through the mail. When interviewed by Agents of the Salt Lake Office. the victim advised he knew no one by the name and, further, could furnish no suspects.
