Memorandum for Mr. Lane:

Re: Zionist Organization of America - FARA

The Zionist Organization of America appears to be clearly subject to registration under the FARA. It has twice refused to register at the request of the State Department. Presumably if the Department of Justice again made the request the organization would again refuse. We could, if we felt it wise, prosecute the organization for failure to register. I doubt if this would be proper policy and I therefore suggest that no action be taken.

I attach a memorandum to me from Mr. Aultman setting out these facts and conclusions in greater detail. I agree with the memorandum.
